

Year 4 Homework

Europe

This term we are going to be learning all about the human and physical features in Europe including:

- Countries and capital cities in Europe.
- Navigating around Europe using a 4-figure-grid reference.
- Time zones in Europe.
- Significant mountain ranges and rivers in Europe.

We will also be learning about human features such as the Parthenon, Eiffel Tower and the Leaning Tower of Pisa. Also physical features that include Mont Blanc, Mount Etna and Mount Olympus.

Your homework, with this information, is to create a piece of work that shows your learning from one of these human or physical features. You can present your work however you would like. Here are some ideas to help:

- A model
- A sketch or painting
- A PowerPoint
- A fact-file
- A poster

We look forward to seeing your amazing creations.

Mrs Sheldon, Mrs Lewis and Miss Leach
