

Year 5

Term 1 Homework

During this half-term, we are learning all about the Groovy Ancient Greeks. The Ancient Greeks lived a long time ago, over 2,000 years ago, in a country called Greece. They were clever people who built beautiful cities, invented new ideas, and loved learning.

They had lots of gods and goddesses, like Zeus and Athena, and told exciting stories called myths. The Greeks also started the Olympic Games, built amazing temples, and created plays that people still enjoy today.

Ancient Greece was made up of city-states like Athens and Sparta. Each one had its own rules and way of life. The Greeks gave us ideas about democracy, science, art, and maths that we still use today!

In honour of this topic, we would love for you to get creative and produce something incredible that we can showcase at the end of term.

Some ideas are on this page but feel free to create your own project and let your imagination run wild!

Your project is due in on Wednesday 21st October 2026 and we can't wait to see them!

- Design a Greek vase
- Design a Greek Temple to Honour the Gods
- Create a fact file/poster on a Greek God or Goddess
- Create a Comic Strip of a Greek Myth
- Learn how to write your name using the Ancient Greek alphabet
- Create a Gods and Goddesses word search
- Write an argument to suggest whether you would prefer to have lived in Sparta or Athens
